Sense of God's call	<p>God has touched my life through so many different expressions of this grace-filled church body called the ELCA! This includes congregations, a college (PLU go Lutes!), camps, and a seminary (Luther). The ELCA is facing big challenges in discerning who we are and how we will be the church in the coming years. We are called to follow the Holy Spirit in reforming the church to meet the world's needs, to witness to God's love, and strive for justice. I love this church and I would be honored to be involved in helping us to boldly step into God's future on behalf of the congregations and ministries of the Rocky Mountain Synod at the 2025 churchwide assembly.</p>
