

# 5 WAYS TO USE YOUR MINISTRY MAGAZINE

## Create a Bulletin Board

Post all of these pages on a wall in your fellowship hall or narthex to draw attention to all of the ways that we are church beyond the walls of the congregation.

## Include in your newsletter

The individual pages are found on the RMS website; add a ministry page or two to your newsletter or e-news

## Celebrate in Worship

Choose a ministry that connects with the Church Together Toolkit. Pray for that ministry, include a page as a bulletin insert, show a video, or invite a guest preacher to share about that ministry.

## Request Additional Magazines

Additional printed magazines can be requested from the Office of the Bishop for your narthex, an adult forum conversation, or new member packets

## Intergenerational Scavenger Hunt

Post pages around your building and have participants seek answers to various questions such as "What 2 states have advocacy offices?" "What does 3E stand for?" or "What is Candidacy?"

The RMS Ministry Magazine is a great way to tell the stories and celebrate what we get to do together as Church. Use this to share the impact of what our gifts of mission support, time, and talents have on the life of the world.
