

## Join in the Welcome!

Several ELCA AMMPARO congregations and organizations on the U.S./México border serve as temporary hospitality centers for refugee families (single parents & kids) who have been released by U.S. Immigration and Customs Enforcement. Each family has identified sponsors in the United States and will have immigration proceedings in cities near their sponsor.

(Almost) each week, Peace Lutheran Church & Border Servant Corps welcomes around 80 people. Families receive meals, beds, clothing, showers, toiletries, travel bags, medical assistance, and travel arrangements to unite with their sponsors.
