- The proposed rotation for the Youth Gathering is meant to reflect a rotation similar to synod assembly and theological conference: South Colorado, North Colorado/WY, non-Colorado (NM, UT).
- In years we are not in Colorado, less travel equalization reimbursement is not available due to the higher number of congregations/leaders traveling, which increases the cost of the event for congregation and ministries attending.
- For this reason, the 2020 Theological Conference in Sante Fe is proposed for a different fiscal year than the 2019 Assembly in Albuquerque.
- The reason for proposing both the 2018 and 2019 Theological Conference at the YMCA of the Rockies is that the lower cost of this facility will allow us to reduce the registration cost. Our hope is that these savings will help leaders prepare for the higher cost of the 2019 Assembly and 2020 Theological Conference.
