

MANY VOICES.
one SONG.

For 30 years, **Wartburg College's Urban Studies Program at Wartburg West-Denver** has united its students and the Denver community. Wartburg West now hosts students from **Allen College** (Iowa) and **Augustana College** (Rock Island) as we collaborate for the common good.

"The **real-world experience** I gained from my internship, while **taking classes** and **volunteering in the city**, taught me a great deal about myself and my ability to juggle responsibilities and handle 'adult life.'"

— Alex Gheysens '17
